

LYKNU POLISH

Demonstration and House-to-House Canvass

The One-Cloth Polish

In our windows, a representative from the LYKNU POLISH factory will demonstrate the many qualities that this widely advertised Polish has. Step in and let her show you just what it can do to make your furniture look like new, with much less hard work than ordinarily.

Use one cloth with a little of this Polish, and save three-fourths of the time, four-fifths of the work, and one-half the cost of polishing with ordinary polish. It does not leave a film of oil to catch the least particle of dust, but leaves an absolutely dry, clean, lustrous finish—just like new.

Use it on the most delicate finish in mahogany, oak, walnut, chestnut and for hardwood floors, wainscoting, etc. Your automobile will look 100 per cent better, after an application of LYKNU POLISH.

We will also make a house-to-house canvass this week. Give the canvasser a chance to show its worth to you. Ask her for a little pamphlet describing the merits of LYKNU POLISH.

Philip Drennan of Goddard seminary suffered a dislocated elbow Wednesday afternoon while playing with some of his schoolmates. In the course of the game Drennan was thrown to the floor, landing on his arm. It was not known until morning that the bones had been thrown out of joint and it was necessary for him to take either to have the bones replaced.

Notice—All comrades of R. B. Cranford please be requested to meet at the room of Drennan, Nov. 12, at the usual hour to act on the following propositions: (1) to see if the post will vote to disband, (2) if they so vote, to see what distribution will be made of funds that may be in the bank, (3) to do any other proper business. Per order G. I. Beckley, commander.

A very successful box social, which took the form of a Halloween party, was held last evening at the Carnes schoolhouse in Calais, where Miss Ruby Bradbury of this city is the teacher, and about 825 was realized toward an organ for the school. Boxes sold high, some of them going as high as \$2, and a large crowd of people enjoyed the program, which was concluded with an old-fashioned spelling school.

While Mrs. H. S. Miles was getting breakfast at her home in Berlin on the Montpelier road this morning the gasoline stove started a blaze in the kitchen, which became so alarming as to cause Mrs. Miles to telephone to the Barre fire department for assistance. Chief Preble communicated with Mayor Glysson for permission to take the apparatus and men outside the city and then he ordered the automobile truck on the two-mile run, first ringing in a bell alarm from box 23 at the city hall corner to summon callmen to the station as a measure of protection to property inside the city while the regulars were away. In the meantime Mrs. Miles was courageously attacking the flames with mats and blankets, and when the firemen arrived they found the last tongue of flame smothered. Mrs. Miles was considerably burned about the hands and face while she was putting out the fire.

Full returns from South Barre have not been received, so the itemized account from that section will be published later.

In addition to this large quantity of old linen and cotton was contributed, which is invaluable at the hospital. A scrap book, beautifully put together, will be much appreciated by the children.

In closing this report of a very successful bag day, the committee wishes to extend its thanks to every person who filled a bag or otherwise remembered the hospital. Thanks are also due the men who collected the bags, the ladies and children who distributed them, the helpers at the hospital, and any others who helped make the day a success.

Census Enumerator Tests To-morrow.

Tests for census enumerators are to be held to-morrow, Saturday, at Barre and Webster. There will be two sessions at Barre, conducted by Miss Pape, supervisor's assistant. These will be held at room B, Spaulding high school building, Barre, Washington street entrance. Forenoon session will begin at 9 o'clock and afternoon session at 1 o'clock. Supervisor Pape will conduct the test at Webster at 1 p. m.

As these tests come on Nov. 1, all applicants who bring completed applications to take the tests will be allowed to take the tests. Otherwise, only those to whom cards of admission have been given will be allowed to take these tests. Applicants should remember to bring these cards of admission with them, also the illustrative examples of the population and agricultural schedules, also pen, ink and pencil.

Public Notice.

Beginning Saturday morning, Nov. 1, and continuing through the winter milk will be delivered only once a day. Milk dealers will start their delivery in the city at 7 a. m. Make arrangements to get your entire supply each morning. Per order C. H. Gordon, sec.

Neighbors Saved Life of Greenlaw Baby, Who Was Nearly Suffocated.

Timely action on the part of Mrs. Patricia O'Farrell and Mrs. Napoleon Isabelle probably saved the life of the youngest child of Mrs. Greenlaw last Tuesday. During a short absence from her kitchen, Mrs. Greenlaw's oil stove caught fire and, on noticing the smoke pouring out, Mrs. O'Farrell and Mrs. Isabelle, near neighbors, entered the room and rescued the baby, who was almost suffocated. The fire was extinguished without a great deal of damage being done.

Robert Ewen, Albert Healey, William Alexander, Robert Slater and Maurice Smith attended the first annual convention of the American Legion in Burlington.

News of the birth of a daughter, Kathleen, to Mr. and Mrs. Roy LeBaron of Lyndon Center has been received here. Mrs. LeBaron was formerly Miss Pearl McLeay.

Dr. George MacIver, who recently received his discharge from the U. S. army, is visiting in Colchester.

Frederick McAuley, who returned from France last week and has been stationed at Camp Merritt, N. J., is at his home.

Mrs. Robert Aldrich is in Williamstown, having been called there by the serious illness of her mother, Mrs. H. M. Drury.

Norman McLeay is confined to his home by illness.

The McLeay moving picture business was purchased by Mrs. O. Gilbert instead of by Dr. E. H. Bailey, as stated in Wednesday's paper.

To-night, Halloween, big picture show in Williamstown. Don't miss it.—adv.

Tobacco Hardens the Arteries, Overtaxes the Heart and Shortens Life

Says Dr. Connor, Who Suggests a Simple Test to Find If Is Hurting You—Can You Stand It?

New York, Oct. 30. Connor, formerly of Johns Hopkins hospital, says: Hundreds of thousands of men who smoke and chew and who believe themselves healthy are suffering from progressive organic ailments. They would never have been afflicted had it not been for the use of tobacco, and most of them would soon get well if they would only stop the use of tobacco.

The best known habit-forming principle of tobacco is nicotine, but the most deadly and denaturing is tar. Both are deadly poisons, which, when absorbed by the system slowly, but surely, affect the nervous system, tissue, vital organs and vitality of the body.

The harmful effect of tobacco varies and depends on circumstances and the individual. In some it causes general debility, others catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, cowardice and fear, mental confusion, etc., in others cancer, heart disease, bronchial troubles, hardening of the arteries, palpitation of the heart, tuberculosis, blindness, cancer and the common infection known as tobacco heart.

If you use tobacco in any form you easily detect its harmful effects by making the following simple test: Refuse to refund the money to every disaffected customer and we would not permit the use of our name unless the remedy possessed unusual merit. Nicotinol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Cummings & Keen and F. G. Russell.—Adv.
